The REvolution in Anti-Aging Skin Care

Uncover the youthful vitality of your skin.

Welcome to a breakthrough in REsults-oriented, anti-aging skin care for face and body that can help reduce the visible signs of aging, repair and transform the beauty of your skin's appearance.

Look radiant. Our formulas refine the unique texture and luminous appeal of your skin. Immediately, skin feels softer and more luxurious looking. Visibly decrease the appearance of lines, dark circles and enlarged pores in days. Improve the beauty of skin's firmness, texture, elasticity and tone in just weeks.

Turn back time with NutriMinC RE9!

The science behind younger, healthier-looking skin

Comprised of 9 key anti-aging elements

Aging is a dynamic process. Respond with a highly active skin care regimen that begins with our exclusive RE⁹ formula. Powered by botanical complexes with U.S. and Swiss patents pending, RE⁹ elements help to reduce the work to transform the appearance of aging skin. An age-defying process begins as our proprietary **Bio-Hydria[®] Complex** softens and conditions.

Vitaspheres deliver antioxidant vitamins A, C and E to help condition and protect the skin's surface. The strengthening components of the skin—collagen, elastin and ground substance—are visually supported by **vitamin C and magnesium ascorbyl phosphate**.

Plant-derived **Elhibin[®]** and **Stimu-Tex[®]** help improve the appearance of the skin's epidermal lipid layer by helping to support skin's elasticity and minimize surface water loss. Skin improves with a powerful universal antioxidant known as **alpha lipoic acid**. Visible signs of sun damage are reduced with the help of **kojic acid**, a well-known, natural complexion-brightening agent, while softening properties found in **copper** help diminish the appearance of fine lines.

Alpha and beta hydroxy acids encourage surface cellular exfoliation to help reveal visibly smoother skin and, lastly, highly effective **peptides**, or cosmetic protein strands, help enhance the skin's ability to visually smooth roughness and virtually lessen the apparent volume and depth of wrinkles. The REsult is radiant, youthful-looking skin...time after time.

NutriMinC® RE⁹™: Face

A five-step U.S. and Swiss patent-pending system to cleanse, protect and moisturize ...for healthier skin, day and night.

Step 1: REnewing Gelée Crème Hydrating Wash

An emollient, cream-based and pH-correct gel cleanser that softens and soothes the skin's surface without stripping away moisture or drying. | Key Ingredients: Various RE⁹ elements | Skin Types: All | 93 mL, #371; \$49

Step 2: REstoring Mist Balancing Toner

This pH-correct toner removes final traces of cleanser and restores balance for maximum moisture retention. Helps to improve tone, firmness and smoothness of skin surface. | Key Ingredients: Witch hazel, various RE⁹ elements | Skin Types: All | 89 mL, #372; \$42

Step 3: REactivating Facial Serum Day & Night

A pre-moisturizing facial serum that replenishes the skin's surface moisture barrier and conceals the impression of fine lines. Increases translucence for a luminous-looking complexion. | Key Ingredients: Hyaluronic acid, various RE⁹ elements | Skin Types: All | 30 mL, #375; \$61

Step 4: REpair Corrective Eye Crème

This ultra-fine crème moisturizes the delicate skin around the eyes and helps reduce the appearance of dark circles and puffiness. | Key Ingredients: Licorice and mulberry extracts, sesame oil, various RE⁹ elements | Skin Types: All | 17 mL, #374; \$63

Step 5: REality Day Crème with SPF 8

This nutrient-rich moisturizing crème hydrates and helps visibly firm skin, while reducing the appearance of fine lines and wrinkles. | Key Ingredients: Various RE⁹ elements | Skin Types: All | 44 mL, #373; \$63

REcover Night Crème

Advanced eight-hour crème helps strengthen and firm the appearance of skin while you sleep. Helps moisturize and protect skin's natural water balance. | Key Ingredients: Aloe, sesame, sweet almond and wheat germ oils, various RE⁹ elements | Skin Types: All | 28 mL, #376; \$100

! RE⁹ fast fact

Women's skin ages faster than men's

It may not be fair, but it's true. Women lose collagen (proteins that form connective tissue and give skin its strength) at a faster rate than men, leading to wrinkles and a loss of smoothness.

“After the first day of using the RE⁹ system, I saw and felt a big difference. My skin was so soft. It was not oily and I didn’t break out with it, as so many times I had from switching product lines in the past.”

Tammy Braithwaite; Bluffton, AB

“RE⁹ was the initial product I tried and I immediately noticed a huge difference in the softness and smoothness of my skin. Truthfully, I walked around touching my face, thinking my skin has never felt better for the first month I was using the products.”

Norma Collins; Newton Siding, MB
